Accommodate™

BRINGING PEOPLE AND SPACES TOGETHER

SUPPORTING TODAY'S ACTIVE SPACES

The key to designing a high performance environment is to support productivity everywhere throughout the space. From waiting areas and cafés to meeting spaces and offices, Accommodate creates opportunities for people to get work done in a comfortable, casual setting. With a guest and bariatric chair, as well as café and counter height stools, Accommodate supports a variety of spaces and applications with a cohesive seating platform that delivers greater comfort, adaptability and design continuity. Accommodate is designed to adapt to your environment, people and budget.

BREAK AWAY. AND GET TOGETHER.

Collaboration happens everywhere within an office these days, and Accommodate supports everything from private meetings to impromptu conversations. The range of seat heights satisfies the needs of different spaces and users, and the guest chairs stack when not in use to maximize valuable floor space in multipurpose areas.

A HIGHER DEGREE OF LEARNING

Learning spaces are no longer limited to formal training rooms. Accommodate is designed to invite interaction and facilitate the exchange of knowledge in a variety of workplace settings. The café and counter height stools bring groups together around high top tables, and the guest chairs easily move to form impromptu seating arrangements.

A HEALTHIER APPROACH TO SEATING

An environment that's easy to maintain is an important asset for any welcoming area, and the wipe-out space between the Accommodate seat and back makes cleaning simple. The guest and bariatric chairs are lightweight, and easily transition into neat rows and seating clusters to facilitate conversations.

PERSONALIZATION IS ENCOURAGED

With two stool heights and two chair options, Accommodate is the perfect fit for virtually any environment, user or activity. The stackable guest chair frame saves space when the chairs are not in use, and the variety of options for legs, arms, dual-fabric upholstery and frame finishes puts the power of customization in your hands. Every model features a wall-saver leg design that prevents the back of the chair from damaging walls or furniture. Accommodate provides all the comfort you need and the versatility your space demands.

SEATING THAT'S JUST RIGHT

Accommodate offers the breadth of line and optional features to give you exactly what you need. Each model is available with glides, hard casters or soft casters.

FRAME FINISHES

The Textured Black (shown) and Textured Satin Chrome frames coordinate seamlessly with other HON products.

GLIDES

Nylon glides move effortlessly across any hard surface.

OPTIONAL ARMS

Add fixed arms to any chair or stool for greater comfort and upper body support.

CASTERS

Choose between hard or soft casters for mobility on any surface.

DUAL FABRIC

Accommodate is available in the full collection of quality HON fabrics, and the seat and back can feature different upholstery selections for a dual fabric aesthetic.

CAFÉ HEIGHT STOOL

This stool height is designed to work with HON café height tables and other café height applications.

23 1/2"W x 24 1/2"D x 44 3/4"H

COUNTER HEIGHT STOOL

This stool height coordinates with HON counter height tables and standing height applications.

23 1/2"W x 23 1/2"D x 38 3/4"H

BARIATRIC CHAIR

An extra wide seat and back are accompanied by a reinforced frame designed to support up to 500 lbs.

33 1/2"W x 21 1/2"D x 32 1/2"H
