## Nucleus®

COMFORT FROM  
THE INSIDE OUT

## AAH! THANK YOU TECHNOLOGY.

Deep-cushion comfort in a sleek design? Yes! Nucleus has taken tech to a new level with a slim, streamlined, stylish seating collection that keeps you relaxed, focused and productive. Combining a sophisticated, high-tech aesthetic with meticulously researched ergonomic support, Nucleus puts the science into seating. Pressure mapped seat contours. Supportive 4-Way Stretch mesh backs. Nucleus is where cool and comfortable come together.

Shown with Coordinate, Voi and Preside.  
Inspired by HON color palette Berry.

## SIT DOWN. STAND OUT.

Get focused with the task chair. Stay flexible with stackable multi-purpose chairs. Reach new heights of collaboration with café-height stools. Whatever you need, Nucleus has a stand-out look that will become the focal point of any space.

## THREE OF A KIND

Every Nucleus model begins with a responsive memory foam seat cushion atop a stretched 4-Way Stretch mesh material for sleek support. From there, it's up to you. Choose between the 4-Way Stretch mesh back or an upholstered suspension back. Change the mesh and fabric colors to align with your workplace vision. Coordinate the base, frame and arms to complement your surroundings. While the cutting-edge materials and innovative construction across the line are consistent, the options for making it your own are abundant.

## FINISH YOUR WAY

### 4-Way Stretch MESH BACK COLORS

### TASK CHAIR BASE AND ARM COLORS

### MULTI-PURPOSE CHAIR FRAME COLORS

Shown with Voi and Preside Inspired by  
HON color palette Butterscotch.

# HON

"If you sit on a chair that's uncomfortable, you're sitting *on* it. If you sit in a chair that's comfortable, you're sitting *in* it. With Nucleus, you're definitely sitting *in* your chair."

Marcus Koepke,  
Designer of Nucleus
