OPTIONS GALORE

We all have our favorite way of working. Some prefer collaboration. Others value focus. If you're looking for a desk collection that supports everyone and every space, here's the solution. Valido will help you customize layouts that reflect everyone's personal work style. Larger storage combinations. Smaller file sizes. Countless layout designs. Valido gives you more to work with, even when working with less space.

LET'S GET PERSONAL

Customizing a workstation is about more than selecting a desk. After all, nothing is more personal than storage. It's where you secure sensitive items. Stash personal belongings. Stow office supplies. From narrow pedestals that make the most of smaller spaces to multi files that maximize options, Valido gives everyone exactly what they need to be productive.

BOX/FILE HANGING PEDESTAL

Keep thinking inside the box — and stay neatly organized — with a two-drawer lateral file.

NARROW BOX/BOX/FILE PEDESTAL
Everyone loves leg room, especially those in 5'x8' and 5'x5' layouts, and this pedestal delivers it in a big way.

MULTI FILE PEDESTAL
For those who want it all, this is the all-in-one pedestal that organizes everything.

BOX/BOX/FILE PEDESTAL
This classic pedestal design offers plenty of space for everything.

CABINET PEDESTAL
Keep larger items out of the way, but always close at hand with this two-door cabinet.

FILE/FILE PEDESTAL
Double up the filing capacity with this proven performer.

MOBILE SHELF BOX FILE PEDESTAL
This mobile pedestal on casters puts everything you need right where you need it.

CONQUER CONFORMITY

Even when aspiring to create a uniform look throughout your space, you still want options. Valido's flawless craftsmanship and signature styling help you achieve any desired aesthetic. Scratch-, spill- and stain-resistant laminates. Precision-matched edges. Two-tone finish combinations. Valido is all about customization.
